SKYLARK HOLIDAY LODGE

# Skylark

With a beautiful split-level roof, this lodge evokes an inviting Scandinavian inspired atmosphere with contemporary features. French doors, that make the most of panoramic views, allow light to flow throughout this home and transforms the open plan living space into a restful haven. Tongue and groove panels painted in white and bursts of green add to its character, complemented by the beautiful herringbone flooring and retro furniture. The master bedroom does not disappoint, with a modern, yet cosy feel: feature windows, fitted wardrobe and en-suite gives you privacy from the family, allowing you to unwind in peace.
